

Stony Brook School of Nursing

Office of Research Newsletter

February 8, 2024

Hello and welcome to the first of many more newsletters at Stony Brook Nursing – Office of Research.

I am Ann-Margaret Dunn Navarra, your newly appointed Associate Dean, Nursing Research and Innovation. Just a few quick words about me – and then we will move on. First and foremost, I am a nurse and love the profession of nursing!! Second, I am passionate about research and scholarship – I think this is a good combo for my role as your Associate Dean. I extend my sincere thanks to Dean Bruckenthal, and each of you

for the very warm welcome.

I am thrilled to be part of your team and plan to do what I was hired to do – increase research capacity and extramural funding, and advance scholarship and innovation at Stony Brook Nursing.

Please feel free to email me or stop by my office – 246 (the door with the purple wreath). I look forward to learning more about you and your research interests.

Best,

Dr. Navarra

Office Of Research Events

Title: Nursing Scholarship for the Advancement of Health Equity

Date: Tuesday, February 27th, 2024

Presenter: Dr. Ann-Margaret Navarra, PhD, CPNP-PC, FAAN

Dr. Navarra is the Associate Dean, Nursing Research and Innovation at Stony Brook School of Nursing. Her program of NIH funded behavioral research is grounded in clinical nursing practice and directed to improving health outcomes for young people living with HIV.

Event will be held via Zoom Webinar

Funding Opportunities

2023-24 SUNY Research Seed Grant Program

SUNY has announced the RFP for the NIH Resubmission and NSF Revised Submission Support Awards under the 2023-24 SUNY Research Seed Grant Program.

SUNY Deadlines: March 31, 2024; June 30, 2024

How to Submit: To apply to this program, PIs must follow the internal submission process detailed below. Please note that myResearch is not required for this submission. PIs must complete the full application in the Foundant online grant management system five (5) days in advance of the targeted SUNY deadline, to allow time for review and to obtain signatures from the VPR and Provost. Applications must be completed in the portal by Monday, March 25, 2024, but we encourage early submission to ensure enough time for routing and to obtain signatures. If an application is not received before the five (5) day deadline, the PI will be in jeopardy of not being able to submit. PIs must provide their OSP Pre-Award Specialist with the 'Can Submit' permission through the 'Collaborate' function in the submission portal.

Any questions should be directed to PI's OSP Pre-Award Specialist in the Office of Sponsored Programs.

New NIH Funding Opportunity Supporting Transformative Research to Address Health Disparities and Advance Health Equity <https://www.ninr.nih.gov/newsandevents/news/new-funding-opportunity-supporting-transformative-research-address-health>

Ruth L. Kirschstein NRSA Individual Predoctoral Fellowships (Parent F31) support registered nurses for supervised research training leading to a doctoral degree in areas related to the NINR mission. NINR also sponsors Individual Predoctoral Fellowships to promote diversity in health-related research.

Where: Boston Park Plaza, Boston, MA

COUNCIL FOR THE
ADVANCEMENT OF
NURSING SCIENCE

Council for the Advancement of Nursing Science

When: June 13-15, 2024

Where: Grand Hyatt, Washington DC

Of Interest

The Friends of the National Institute of Nursing Research is Soliciting Ambassador Applications for the 2025 Cohort

This unique advocacy program began in 2014 and has only continued to grow!

FNINR Ambassadors will focus specifically on educating Congressional leaders as to the high-impact and cost-effective treatments and quality-of-life enhancements that emanate from nursing science. Ultimately, the goal is to increase research funding to ensure the training of scientists at a time of major scientific breakthroughs and to promote the NINR mission and strategy.

FNINR is excited to expand the number of Ambassadors and especially encourages applicants from states not represented by an FNINR Ambassador. To see which states are currently represented, [click here](#).

NINR's mission is to lead nursing research to solve pressing health challenges and inform practice and policy -- optimizing health and advancing health equity into the future.
